## Mission

The Pregnancy Clinic is a faith-based, medical non-profit, serving those facing pregnancy-related and sexual health issues by offering physical, emotional and spiritual support, and empowering them to make healthy and life-affirming decisions.

## About Us

Established in 1982 as a 501(c)(3), non-profit organization, the Pregnancy Clinic has served nearly 18,500 women by providing them with prevention, intervention and reconciliation services. Our Medical Clinic operates under the supervision of a Medical Director who is a licensed obstetrician. Our Registered Nurses and Physician Assistants are licensed and follow standards set by OSHA, the Association of Women's Health, Obstetrical and Neonatal Nurses and the American College of Obstetrics & Gynecology.

"If you've ever had a daughter, relative, or friend with an 'unexpected' pregnancy, you know the value of having gatekeepers

at the back door to help her think through her options before she steps out into abortion-land. With its trained counselors, BCPC helps our young women stop and evaluate their choices. Praise God for BCPC, where a young woman can find clear, accurate information, as well as answers to her questions."
